Internship - Assisting Product Manager Ventilation Europe

WHY RESMED?

Imagine what you could accomplish if you could drive positive change every single day. At ResMed, you can find out. ResMed is a world-leading connected health company with more than 5 million cloud-connected medical devices, our work changes lives with every breath. Our award-winning devices and software solutions help treat and manage sleep apnea, chronic obstructive pulmonary disease and other respiratory conditions.

Your mission:

The European Respiratory Care Marketing team is hiring an **Intern** as **Assisting Product Manager Ventilation Europe**. The position is based in Munich, Germany, reporting to the Product Manager Respiratory Support Solutions Europe.

The main responsibilities are the following:

- Analysing market trends and competition movements in the connected home ventilation solutions area
- Participation to the marketing plan elaboration (market canvas, customer segmentation, customer narrative)
- Development of marketing tools to support our connected solutions (communication tools based on customer segmentation and according value propositions, etc.)
- Working in close collaboration with the respective country product management teams to align with their needs
- Generating reporting structures for connectivity rates
- Presenting your results and findings to an international audience
- Providing technical and clinical support for our ventilation portfolio, which may require field visits across Europe

These responsibilities may develop during the course of the internship and can be adopted according to the needs of the European marketing team in agreement with the intern.

Required expertise:

You are studying in your 5th year engineering school in biomedical technologies, or doing your biomedical master degree, or you have an engineering degree and you are doing a complementary Master in Business or Marketing of Biomedical Technologies, and you are now looking for a 6 months marketing internship. You already have acquired some clinical and biomedical knowledge and competences, ideally as well as basic knowledge on business or marketing.

You are:

- Fluent in English, written and spoken
- Interpersonally skilled
- Analytical and synthetic thinking
- Enthusiastic
- Solutions oriented
- Autonomous and reactive in your workstyle
- Adaptive

Okay, so what's next?

Joining ResMed is more than saying “yes” to making the world a healthier place. It’s discovering a career that’s challenging, supportive and inspiring. Where a culture driven by excellence helps you not only meet your goals, but also create new ones. A role where each day you’ll uncover a new reason to love what you do. If this sounds like the workplace for you, apply now!
